

IPification the Silver Winner for Startup of the Year in Security Services at the Cyber Security Global Excellence Awards

(April 9, 2020 - HONG KONG) The one-click, passwordless mobile authentication, user verification, and fraud prevention solutions provider IPification is the silver winner for Startup of the Year in Security Services at the 17th annual Cyber Security Global Excellence Awards.

The Cyber Security Global Excellence Awards recognize and reward cybersecurity and information technology companies with innovative solutions, and services that are helping set the bar higher for others in the space.

This year, more than 45 industry experts participated in the event as judges. IPification was chosen from a pool of nominees from all around the world as the silver winner in security services.

IPification provides passwordless, one-click mobile identity solutions that help improve the user experience, safeguard data privacy and provide top-notch security at the same time. IPification solutions currently reach more than 350 million devices in 12 markets globally.

“A huge thank you to the organizers for such an inspiring event. We are honored to have been recognized by the jury of global experts. It is amazing to receive support from them on our journey to revolutionize mobile authentication,” said Stefan Kostic, IPification CEO.

About IPification

IPification is building the backbone for mobile authentication of today and tomorrow. By verifying the device, SIM & phone number via IP address, IPification patented technology is enabling secure, passwordless, zero-tap compatible mobile user authentication, registration, transaction approval and fraud prevention solutions for any mobile application. Readily available across numerous countries and regions, IPification is trusted by some of the leading telco, technology, payment, and OTT companies including Microsoft, GBG, DataZoo, 3HongKong, Axiata Digital. As part of Benefit Vantage Limited, the leader in Asia for providing security and data backup solutions headquartered in Hong Kong, IPification has offices and representatives operating in the U.S., U.K., Serbia, Russia, Switzerland, Bosnia, Brazil, India, Vietnam and Pakistan.
